

Guns In America

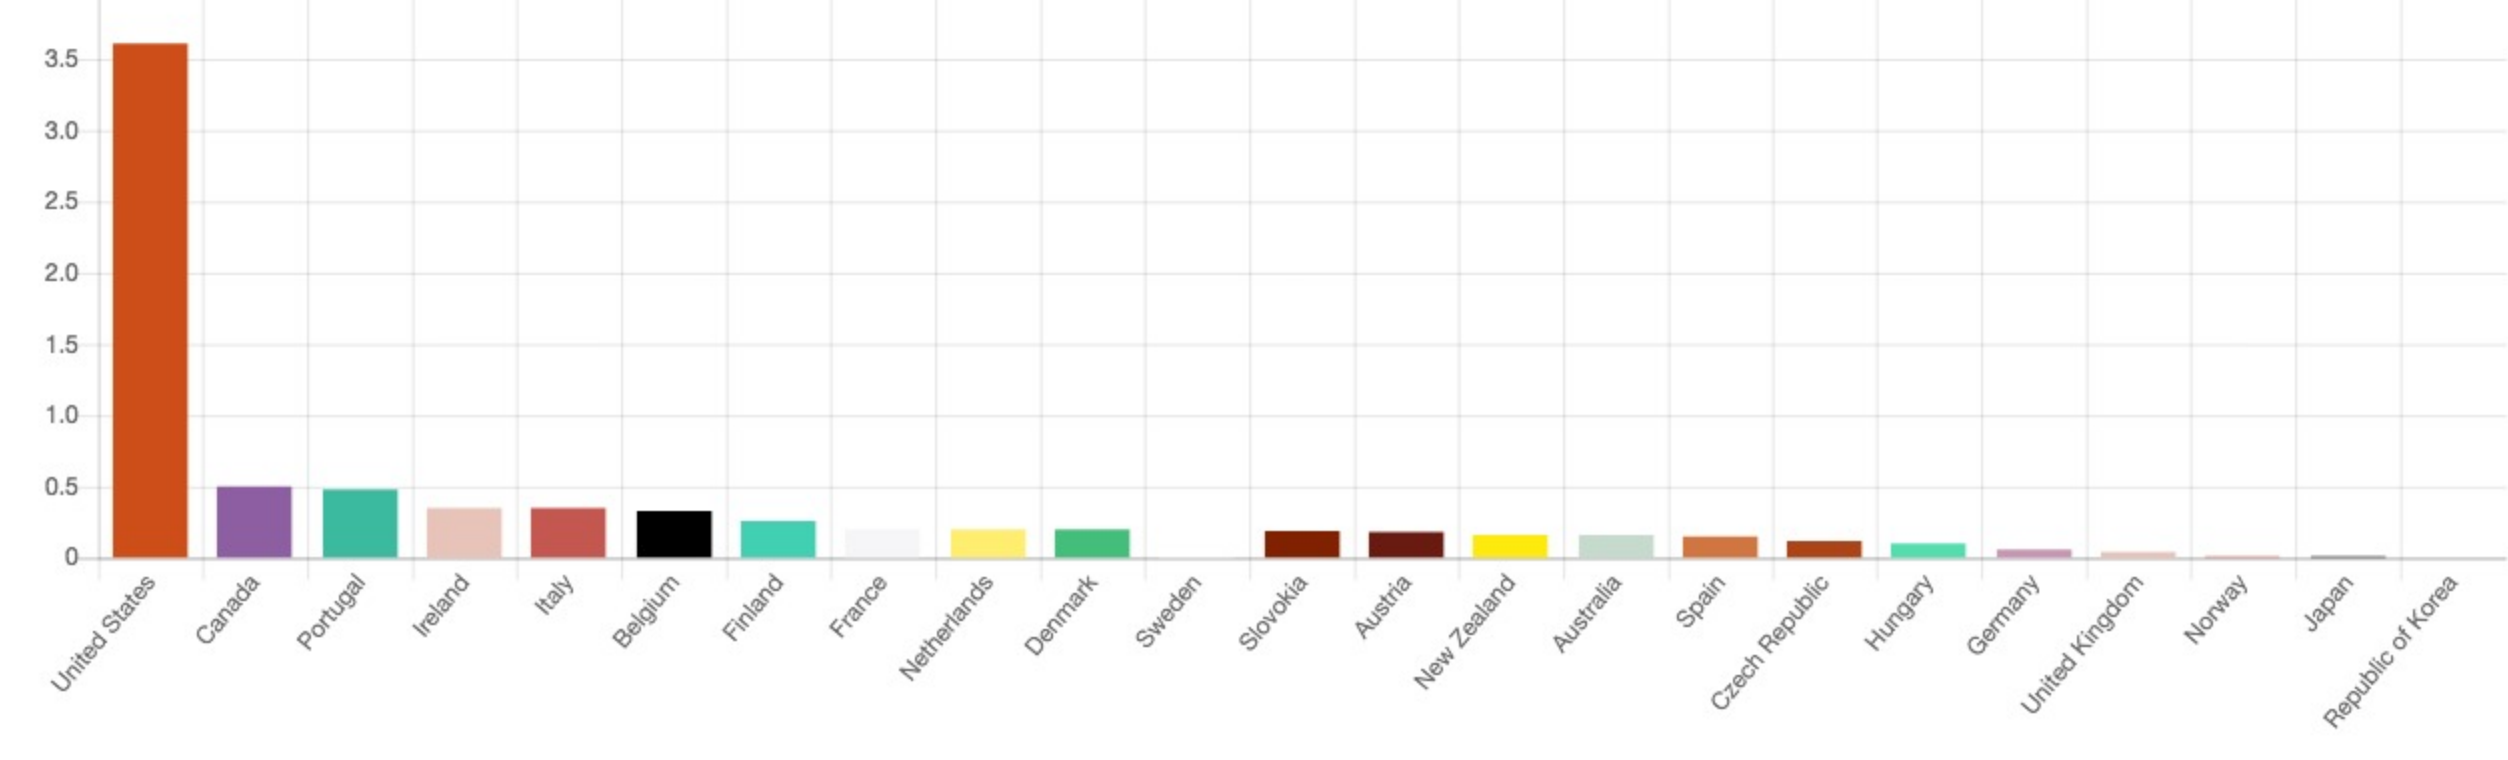

The United States has a problem with gun violence.

And as of late it has been the focal point of mainstream news.

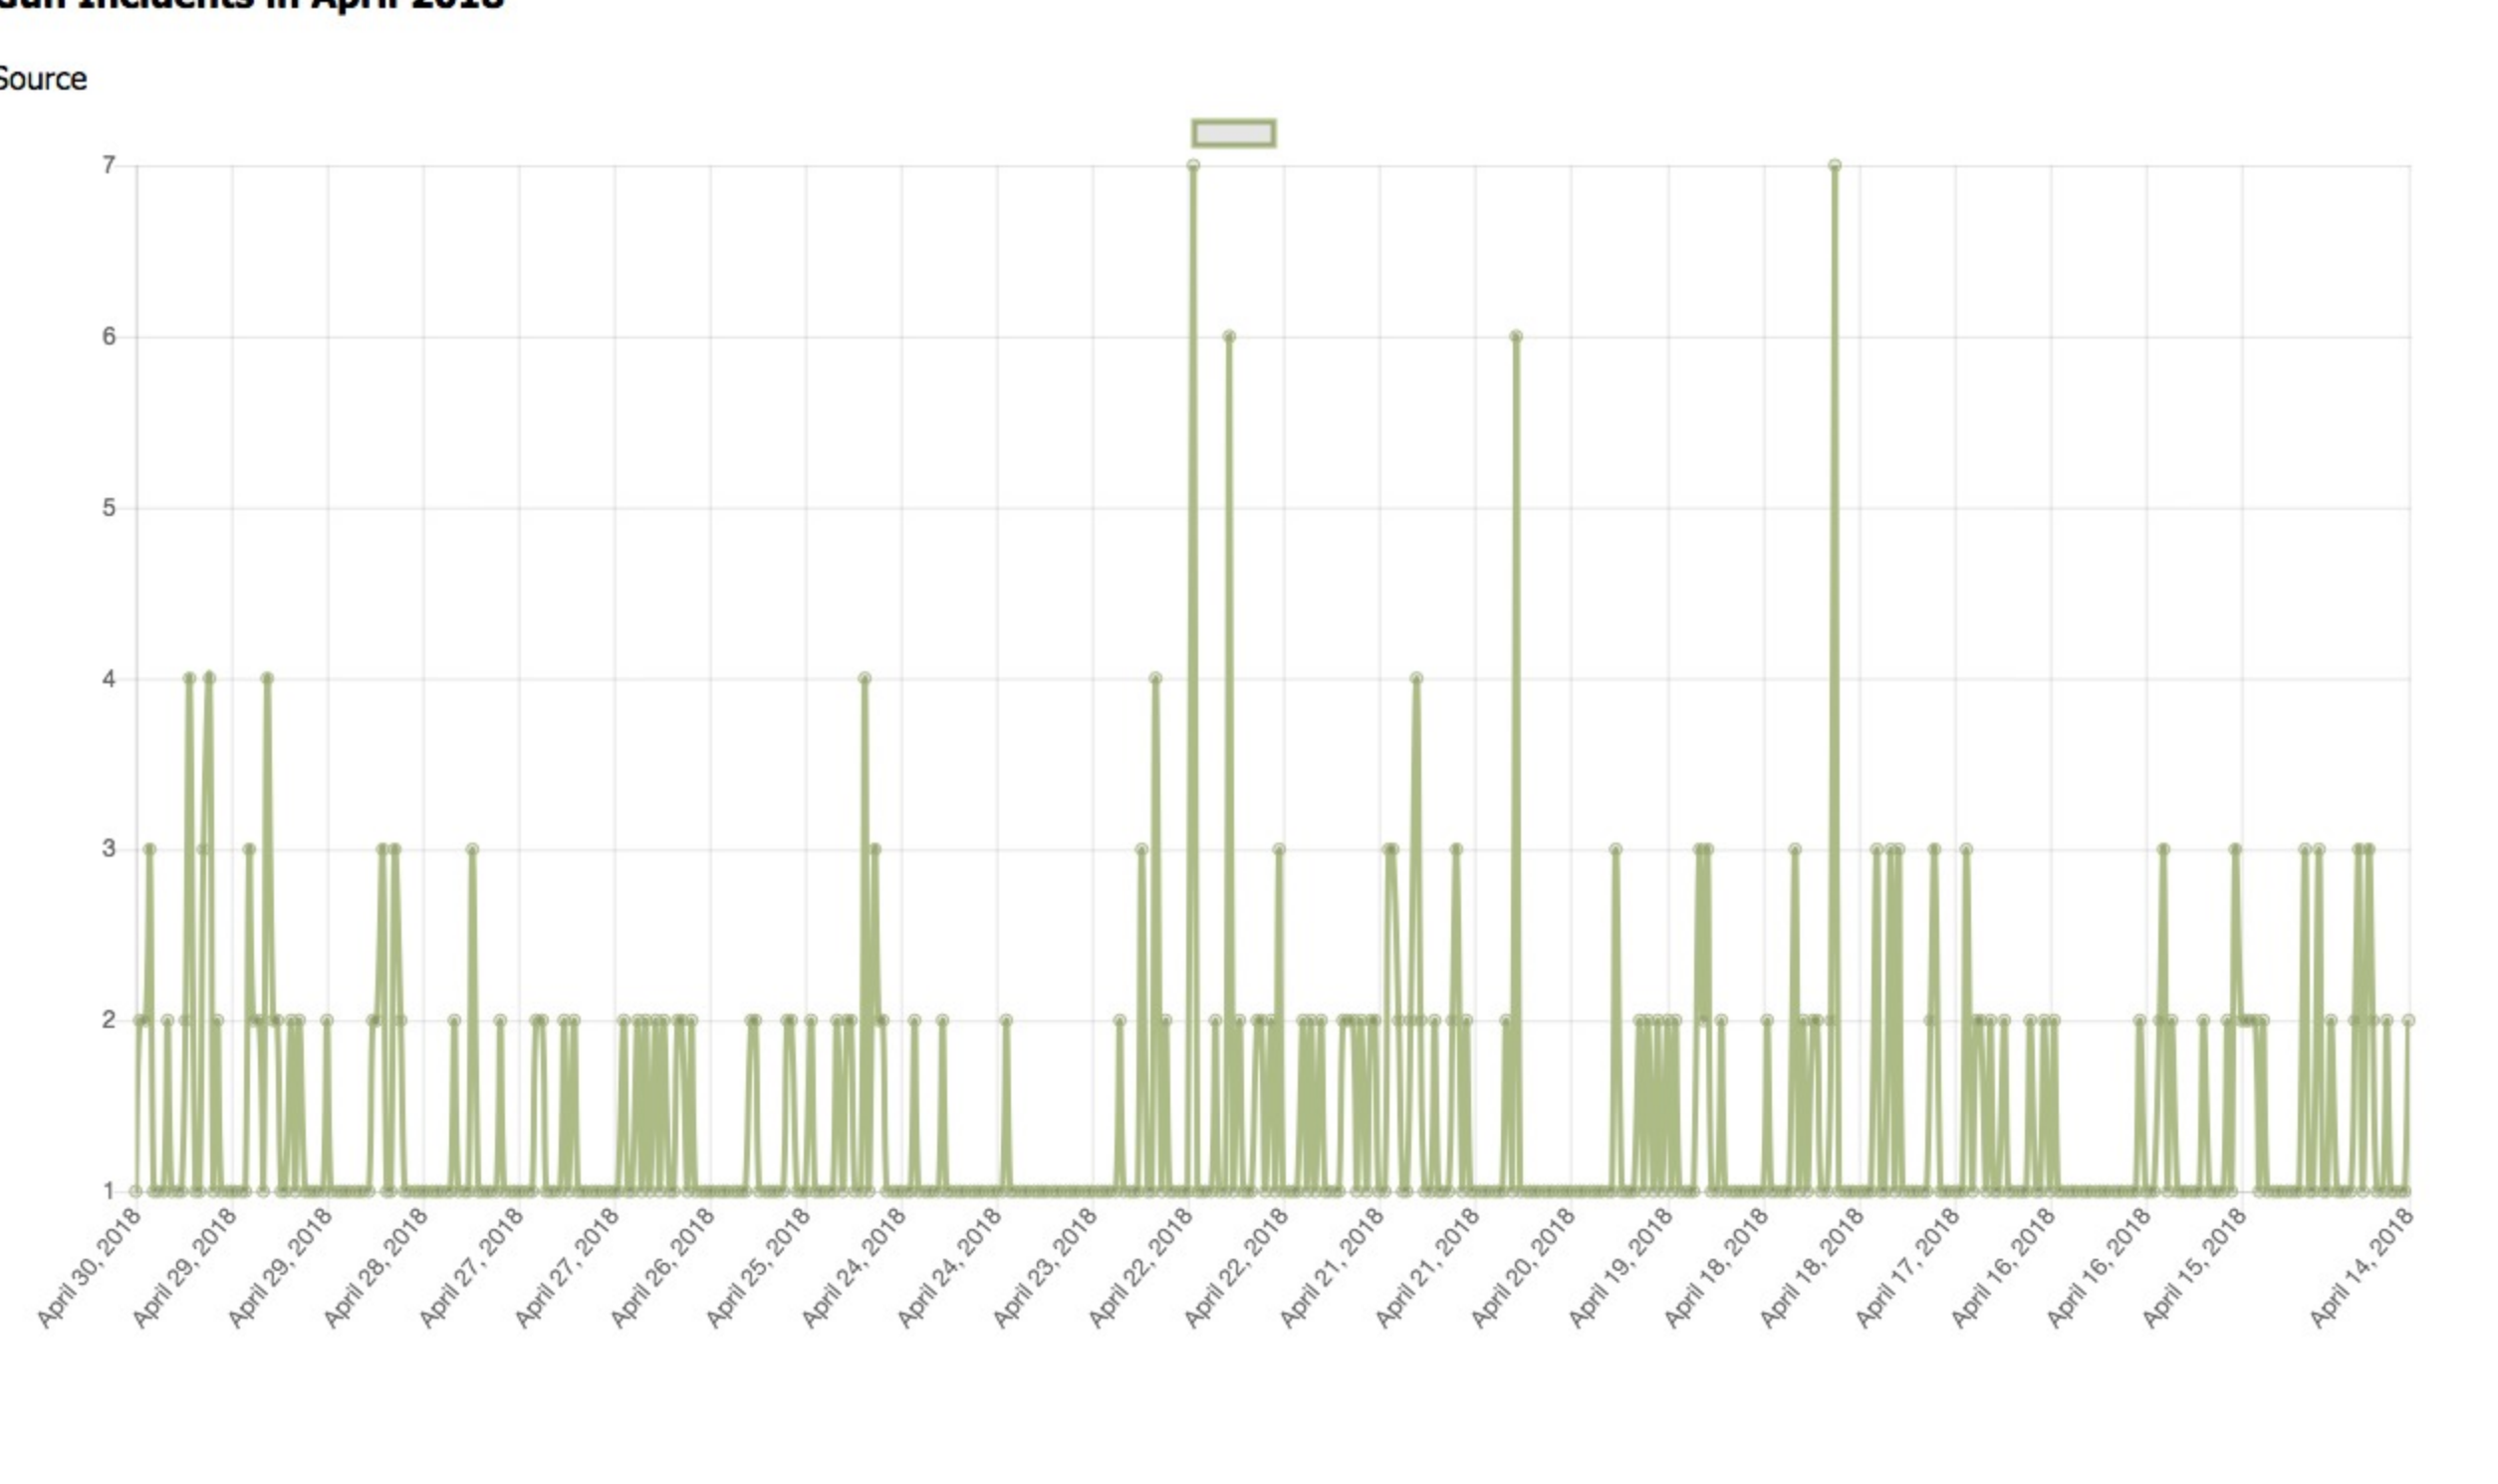

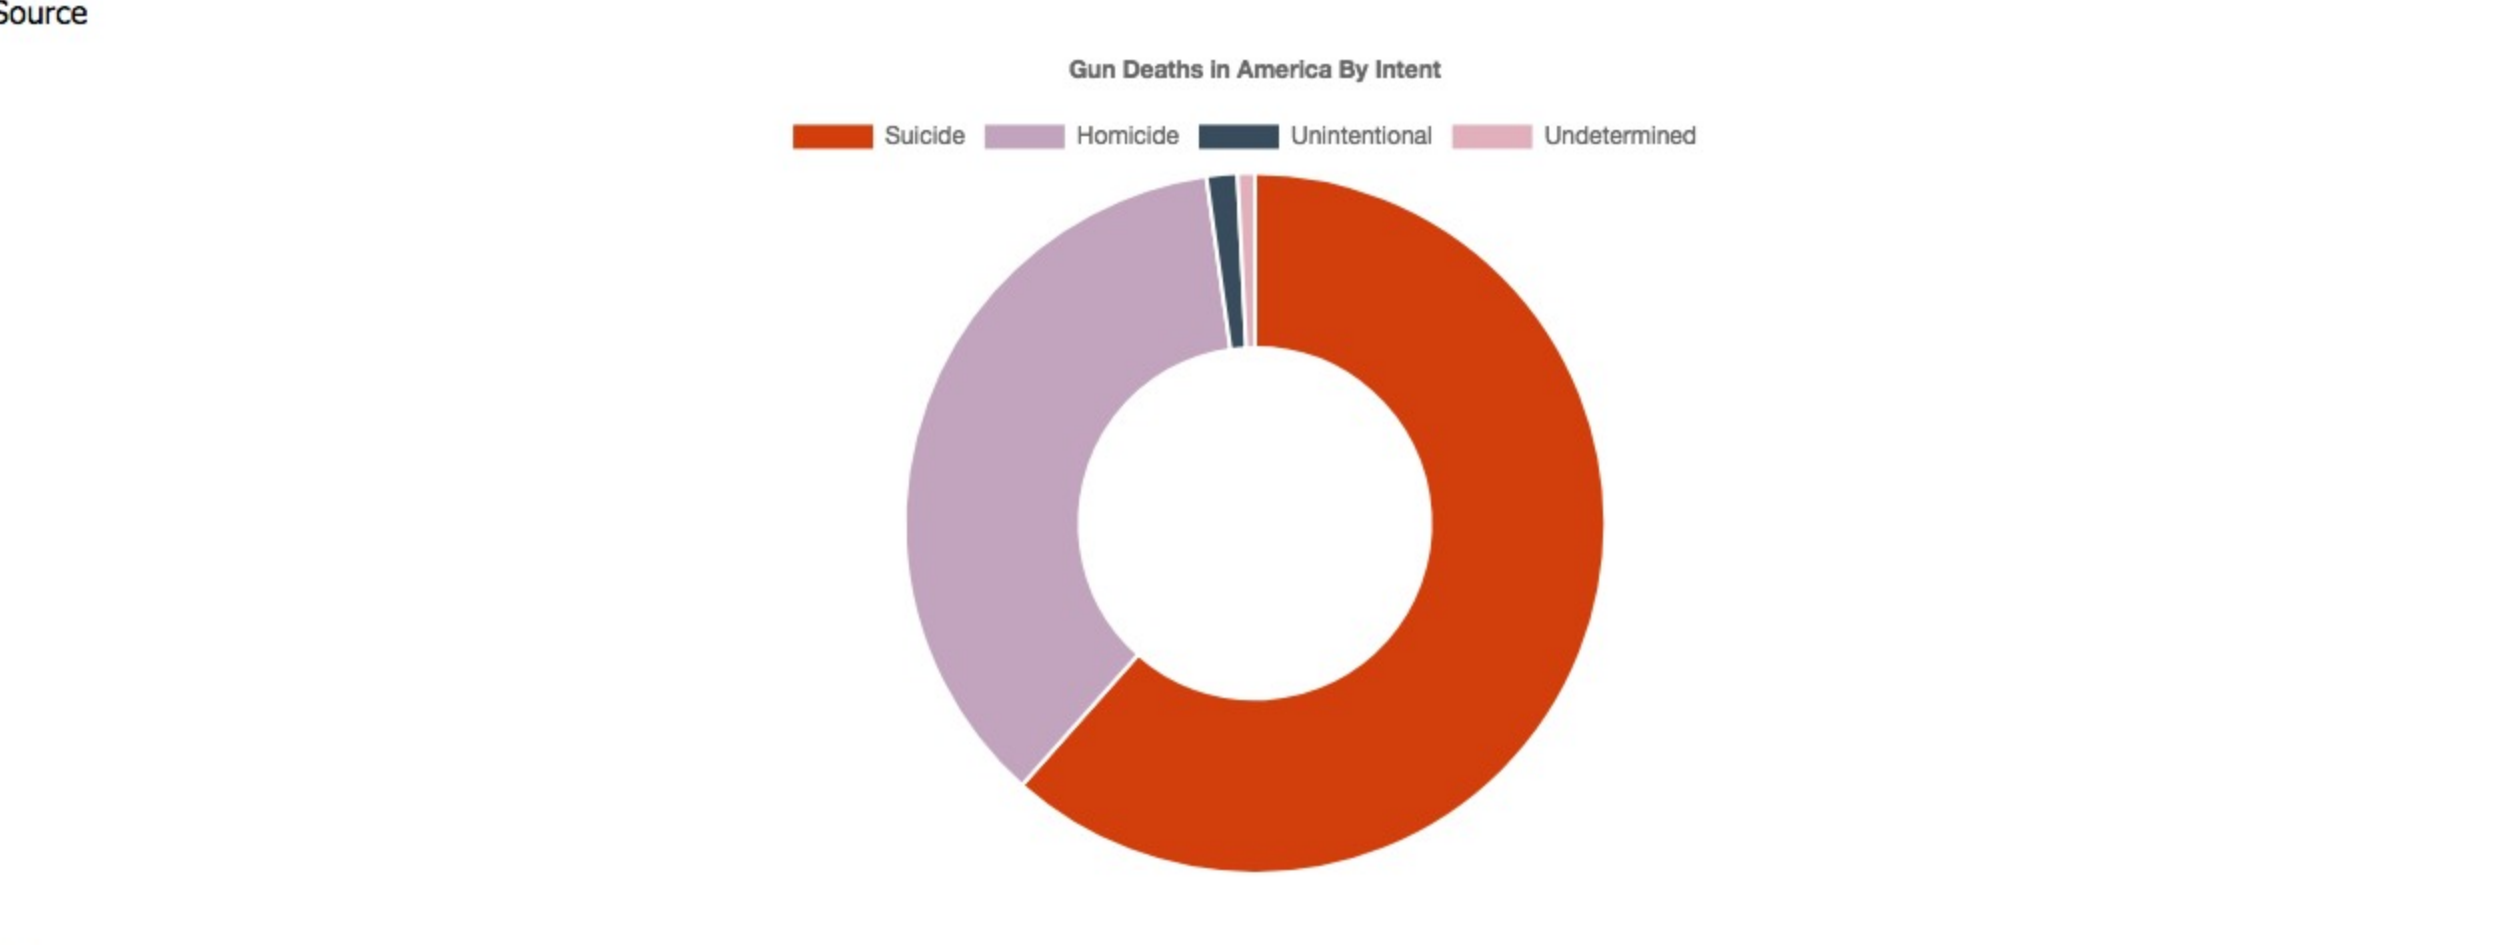

This project was created with JSP, HTML, CSS, and Javascript. - Alyssa Gable

Facts

An analysis of gun homicide rates in developed countries those considered 'high income' by the World Bank found that the United States accounted for 46 percent of the population but 82 percent of the gun deaths.

Nearly two-thirds (62 percent) of firearm deaths in the U.S. are suicides.
